

3. Vision, Mission, Values & Core Framework

Vision

To be a reputable and creditable college, producing quality graduates at a competitive level in line with the

international education philosophy.

Mission

To serve society and enhance the quality of life through excellence and leadership in vocationally and

professionally relevant education, research and consultancy.

Values

The college acts with integrity and social responsibility, constantly setting high standards and striving to exceed

them while valuing diverse people and perspectives.

The 4C Core Framework

Critical Thinking: Encouraging students to question, analyse, and reason independently, developing an

analytical mindset for solving real-world problems.

Communication: Effective written, verbal, and digital expression woven into the curriculum.

Collaboration: Fostering teamwork, shared ownership, and mutual respect.

Creativity: Nurturing innovation and original thinking.
